TREKKING AND MOUNTAINEERING INSURANCE FOR AUSTRALIANS AS AT 1/1/2024

NOTES

A lot of brands have the same underlying Insurers. However note that each brand is priced differently based on the specific cover they provide - so read the fineprint.

1. Cover-More based policies (underwritten by Zurich) are sold by [Cover-More](#), [Medibank](#), [AHM](#), [Webjet](#), [NRMA](#), [Freely](#). [Virgin Australia](#) is slightly different in that they link you to Cover-More as their partner.
2. Allianz-based policies are sold by: [Allianz](#), [WorldCare](#), [Boomers](#)
3. Lloyds-based policies: [FastCover](#), [Zoom](#) and [iTrek](#) (*note: iTrek not currently selling due to Covid and FastCover excludes certain countries e.g. Pakistan*)
4. NIB-based policies (underwritten by XL Insurance Company SE) are sold by: [NIB](#), [Qantas](#), [Travel Insurance Saver](#), [Travel Insurance Direct](#), [Cota](#) and [World Nomads](#) (but note that we've listed World Nomads separately because they DO offer cover for activities on snow/ice). Note that for Cota, while they say they provide insurance for senior Australians, there is no age limit for their Comprehensive or Annual plans.
 - a. NOTE: if you're looking at any of the NIB policies (except for World Nomads) and need cover for snow/ice then check with them and get their response in writing. We experienced conflicting views from Travel Insurance Saver: one trekker was told that they would be covered for trekking on snow/ice yet when we submitted a query we were told that trekking on snow/ice would not be covered.
5. Zoom allows outdoor rock climbing. iTrek allows trekking if you wear the right safety equipment (unclear how much mountaineering equipment this includes)
6. Mitsui Sumitomo-based policies: [Insure&Go](#), [Tick](#)
7. Pacific International-based policies: [Battleface](#), [Trippi](#)

Not included above: those insurers that have put new policy sales on hold due to Covid: [AIG](#), [iTrek](#) and [Virgin Money](#) (note: [Virgin Australia](#) links you to Cover-More as their partner)
